... Fifty-Niner isn't a date or street number or a miner or a freight train or an old man with a long white beard. Rather, it represents something more splendid than we realize.

Fifty-niners is a proper noun. It stands for a group of very courageous and sacrificing human beings, your parents and others like them, who out of their boundless generosity have built a school where you can receive the truth of Christ from people dedicated to Christianity. And you, and everyone who comes after you, are the Fifty-Niners, too. For you embody the spirit of those who faced the odds with courage and gave you this opportunity. You can say, Christ is My Teacher because they were willing to carry His cross.

Now that you have received, you must give. You must give of your talent and your time in measuring up to the spirit of the Fifty-Niners, which you have received. It is for you to immortalize that spirit in all your undertakings- be they spiritual, academic, artistic, or athletic. Wake up Fifty-Niners! Realize what you are! In 1959 a vision became a reality a dream came true. You are that vision. You are that dream. Be real and true Fifty-Niners!
